This ensures you are not directly identifiable. The above is based on World Rugby's legitimate interest to develop and grow its business and inform its marketing strategy.

From time to time, World Rugby may use aggregated, anonymised lifestyle data obtained from third parties to supplement our profiles. This information helps World Rugby to ensure communications are relevant and timely and to offer new products and services that may be of interest to fans (including Ticket Account holders).

Joint controllers mean that LOC27 and World Rugby have decided together why and how certain of your personal data will be processed to facilitate your engagement with the Website and your attendance and experience at RWC27 as outlined in this Privacy Statement. When organisations act as joint controllers, they must be transparent on the roles and responsibilities of each entity involved.

World Rugby will share certain of its centralised Information Technology (IT) resources with LOC27 to enable access by LOC27 and to facilitate many of the LOC27's activities for RWC27, including World Rugby hosting the official RWC27 App (if made available), and as a result, World Rugby will host certain RWC27 ticket-related data (including personal information) processed by LOC27.

LOC27 will be processing your personal information in order to facilitate, administrate and fulfil the purchase and delivery to you of RWC27 Superfan Passes and tickets / ticketed products and to enable your access to venues and use of such tickets/ticketed products. This will include the management of the Website, delivery and fulfilment of services and tickets/products, resolving complaints, servicing your Ticket Account and your transactions, processing refunds, issuing order confirmations/receipts, accommodating accessibility requirements and answering general queries.

World Rugby will be responsible for processing your personal information to provide support services to LOC27, to provide service information to Ticket Account holders (including notifying you of venue information, event schedules, health and safety information, ticket on-sale periods, etc), to perform analysis/analytics of Ticket sales and Ticket Accounts data, enhancement of the overall fan experience, advertising via the Website and for the purposes of direct marketing (outlined in Section 8 above).

Where one of these entities processes your personal information for any other purpose, other than that which was jointly agreed, that entity will be deemed to be a separate or independent controller. More information on how World Rugby processes personal information and how you can assert your data protection rights to World Rugby can be found in the [World Rugby Privacy Policy](#).

Your data protection rights are not impacted by the existence of this joint controller relationship. You can submit a request regarding your personal information to either of LOC27 or World Rugby and they will work together to satisfy your request. Please see further below in the "Contact Details" section of this Privacy Statement for details on how to make contact with each of these entities in relation to your data protection rights.

12. Dissolution of RWC27

As outlined above in the introduction to this Privacy Statement, the LOC27 has been established for a purpose of operating the Men's Rugby World Cup Australia 2027.

As part of the dissolution or closure process of LOC27 at a point in time after the Men's Rugby World Cup Australia 2027 has ended, certain of your personal information that has been collected and processed by the LOC27 will be transferred to and retained by World Rugby as an independent controller. The reason for this is that World Rugby Events DAC is a shareholder of the LOC27 and will be responsible for ensuring the protection and integrity of your personal information after dissolution or closure of the LOC27. Your personal information shall only be transferred to World Rugby and retained by World Rugby in accordance with applicable data protection laws and World Rugby's data retention practices.

For further information on how World Rugby handles and/or processes your personal information, please refer to the World Rugby [Privacy Policy](#).

As such, we will continue to retain your Ticket Account information for as long as you continue to have, and remain active using, your Ticket Account.
